

## **2021 Dermatopathology Courses of Australian Institute of Dermatology**

The Institute's DermPath courses are run completely online. They comprise dedicated websites for each course which contain all the course modules and recorded webinars.

**DermPath Correlation course** This course is directed at pathologists who want to learn dermatology and Dermatologists who want a clinically based grounding in Dermatopathology. It is run over 2 semesters of 14 weeks each with each module lasting 2 weeks. There are preview videos for each topic and summary video webinars of each module. It uses the [www.aidermatopathology.com](http://www.aidermatopathology.com) website and [www.mydermpathconsult.com](http://www.mydermpathconsult.com) . You can view a video outline here. <https://vimeo.com/450713841>

**The Post Fellowship Clinical Dermatopathology course** is specifically for Fellows of the Australian Institute of Dermatology. It uses Christine Ko's book Dermatology Visual recognition and Case Reviews as a text to then look at various virtual path slides of similar clinical conditions.

It uses the [www.aidermpath.com](http://www.aidermpath.com) website. You can view a video of the course here. <https://vimeo.com/450718837>
